Anudeep Thota

Product Designer (UX) · AI & enterprise products

Hyderabad, India · open to roles worldwide | +91 8008891918 | Anudeept79@gmail.com
anudeept.com (gov case studies: code 9191) | linkedin.com/in/anudeep-thota-76595a102 | github.com/Anudeept79

SUMMARY

Product designer with 2 years of end-to-end experience, from user research to launch, designing AI and enterprise products for warehouse teams, inspectors and government analysts, and building them in React and TypeScript.

EXPERIENCE

PIPRA Solutions — AI & Full-Stack Product Designer — Oct 2024 – Present

Hyderabad · Sole designer, cross-functional with engineering; design reviews with the CEO · AI Excellence Award 2025

- **PiGo, mobile platform (in customer use):** Replaced WarePro's separate apps with one role-based app, from floor research to React front end; inventory accuracy at a customer site rose from 70% to 95% (company-reported).
- **Kuyil, AI assistant (live):** Made every answer of PIPRA One's AI assistant checkable, with a source, timestamp and record links, across 14 screens and 12 flows; built its React front end.
- **PIPRA One (formerly PI-ERP), role-based UX (live):** Cut automated WCAG violations on key screens from 286 to 15 and made focus visible on 165 of 165 tab stops with a role-based UX layer across 774 screens.
- **StoneX, iPad inspection app (in production):** Designed it end to end: floor-plan defect pins, photo markup and branded supplier reports; started its Flutter-to-React Native migration.
- **Also shipped:** WarePro 3D Digital Twin; Golden Suisse trading apps; internal tools; Kerala government prototypes.

Freelance — Product Designer, US government clients — 2025 – Present

Remote · Virginia, USA · Working with a US senior product designer

- **Virginia State Police (4 projects):** Designed a seal-order review console with field-level match checks and an audit trail; redesigned the criminal-history record UI.
- **Court case-management interface:** Delivered the UX design and a working front end to the US development team.

GrowthSchool — Product Design Apprentice — Mar 2023 – Mar 2024

Remote · Mentored by Anudeep Ayyagaari (UX Designer, Amazon)

Digital Lync — UX Design Intern — 2022

PROJECTS

- **MyResumeAI, AI resume builder (founder):** Built solo in a week from a study of 50 hired resumes; writes an ATS-safe resume, cover letter and LinkedIn About from one input. About 50 users since the March 2026 launch.

SKILLS

Design: user research, usability testing, information architecture, interaction design, prototyping, design systems, AI/LLM product design, accessibility (WCAG 2.1 AA)

Build: React, TypeScript, React Native, React Three Fiber · **AI-assisted:** Claude Code, Cursor, Google AI Studio

Tools: Figma, Figma Make, Framer, Webflow
