

Anudeep Thota

AI Product Designer | UX Designer | Full-Stack Prototyper

+91 8008891918 | Anudeept79@gmail.com | Hyderabad, India

SUMMARY

AI-first Product Designer with 1.5+ years owning product design end-to-end — from defining the problem through shipping working code to production. Designed and built 10+ complex applications across fintech, civic tech, logistics, SaaS and EdTech. Pioneered AI-assisted design and development workflow at PIPRA Solutions — earning the company AI Excellence Award and cutting delivery timelines dramatically. Delivered a 3D Digital Twin warehouse system, a Flutter-to-React-Native codebase migration, a multi-module ERP platform with custom plugin architecture, and US government digital platforms — all with measurable outcomes, cross-functional collaboration, and full ownership.

WORK EXPERIENCE

Product Designer — AI & Full-Stack | PIPRA Solutions

Oct 2024 – Present

Hyderabad, India

- Designed and built a fully dynamic 3D digital twin of a real warehouse for WarePro — PIPRA's flagship product. Collaborated directly with the engineering team for integration. Delivered a separate 3D Warehouse Simulator design and handed off to development. Enabled warehouse managers to visualise and manage inventory spatially in real time. 3D Digital Twin Warehouse —
- Designed and built a unified ERP application combining MRO, PI Edge, and HRMS as individual plugin modules within one platform. Created a custom UI plugin system allowing the team to switch and apply design system styles dynamically. Completely redesigned and rebuilt the ERP UI to match user-required style — improving consistency and reducing visual debt across all modules. PI-ERP Platform —
- Originally designed full app in Figma. Developers built in Flutter. Took full ownership of the codebase — migrated solo from Flutter to React Native using AI + built full corporate website (Dubai) with complete frontend and backend. Delivered ahead of schedule. CEO and VP confirmed successful output. StoneX —
- Designed and shipped 3 fully responsive fintech apps (Investor, Trader, Admin Panel) for a live gold trading platform. CEO praised delivery speed. Backend live and confirmed by leadership. Golden Suisse —
- Built AI-powered warehouse camera control system + redesigned the full WarePro dashboard and mobile app for warehouse workers. Simplified complex flows for older, non-tech users. Full working prototype in 4 hours. WarePro Dashboard & App —
- Redesigned Kerala Tissue Culture web app dashboard. Produced complete AI concept video using Veo 3, ElevenLabs, and Premiere Pro solo. Delivered Kerala EV Station government prototype in 4 hours. Designed and built Form Builder and HR Portal — both launching soon. Kerala & Internal Products —
- AI Excellence Award 2025. 10+ production apps in 18 months. Every project delivered with working code and CEO/VP sign-off. Zero engineering dependency. Impact:

Freelance AI Product Designer | Independent

2025 – Present

USA Clients

- Contracted by a senior US designer after portfolio discovery. Designed and built 2 government digital platforms independently. Delivered working frontend code and complete design files to US dev teams. 2025–2026. Virginia State Police & High Court (USA) —
- Freelance income exceeds full-time salary. All clients sourced through portfolio discovery — zero cold outreach.

Product Designer — Apprenticeship | GrowthSchool

Mar 2023 – Mar 2024

Bengaluru, India

- Mentored by Anudeep Ayyagaari, UX Designer at Amazon. Earned Dependable Award. Full UX process across real product briefs — research, systems, prototyping, and handoff.

UX Design Intern | Digital Lync

2022 · 3 Months

Hyderabad, India

- End-to-end UX across real briefs — research, wireframing, prototyping, usability testing, and design handoff.
